

## Parking

Please note both days have limited race entry based on realistic Car Parking places.

The park is still open to the public so we have reserved a number of car parking spaces, we must, therefore, encourage car share and will ask you (as part of the entry process) to stipulate your method of travel and an approximate number of runners within the car.

Please note that there will be no car parking spaces available ON THE DAY WITHIN THE PARK unless pre-booked are not completely sold out (which is unlikely). You will be given a car parking permit to place in your car that will fast track you to one of the reserves spaces.

Car parking to be charged at £5 per Car. **Please note all car parking proceeds go to Rother Valley Country Park and that Cannonball Events is not responsible for this cost.** No refunds will, therefore, be given on car parking. Other parking options may be available however these are not within the direct grounds of the park.

Please note Marathon Runners will be directed to the water sports car parking areas and will be asked not to park in the other areas until this car park is full. 10k Runners will be directed to the remaining spaces, utilising the main car parking area, Adventure Island parking and coach turning circles area.

Half Marathon Runners will be asked to fill up the Water Sports Car park first and then fill up the remaining areas secondly.

**PLEASE LISTEN TO THE MARSHALS INSTRUCTIONS, THE CAR PARKING OPERATION IS VITAL TO MAINTAIN GOOD PUBLIC RELATIONS AND THE EFFECTIVE OPERATION OF THE EVENT.**
